PROFESSIONAL SUMMARY

ECE student (CGPA: 8) with hands-on experience building 0→1 AI products, leading cross-functional teams, and driving measurable outcomes across 5 campus organisations. Proven ability to identify user problems, define MVPs, prioritise roadmaps, and execute with ownership, seeking an Product Manager Intern role to bridge technology and business impact.

EDUCATION

B.Tech. in ECE, Madan Mohan Malaviya University of Technology (2023–2027) CGPA: 8/10
Class XII (CBSE), Lakes International School (2022) — 94.5% • Class X (CBSE), PPJS Vihar (2020) — 93.2%

EXPERIENCE

Secretary, Training & Placement Cell | MMMUT ([Appointment Letter](#))

Apr 2026 – Present

- Directed cross-functional coordination across 6 teams; streamlined candidate data workflows, drive registrations, and communication pipelines, accelerating recruitment cycle efficiency.
- Led 20-member team to build "[PrepSync AI](#)" — a 0→1 placement intelligence platform with alumni interview experience repository and AI-powered Job Readiness Score via CV–JD matching.
- Owned product roadmap, stakeholder alignment, and feature prioritisation across iterative build cycles, translating user needs into actionable requirements.

Product Management Intern | [KaryaKarta](#)

Dec 2025 – Apr 2026

- Executed 0→1 product lifecycle — problem discovery, MVP scoping, and iterative feature delivery — in an early-stage startup alongside founders.
- Conducted 15+ user interviews and structured requirement-gathering sessions, directly informing product strategy and prioritisation (MoSCoW framework).
- Contributed to feature discussions, feedback loops, and product improvements; championed user-centric, data-driven decision-making across cross-functional teams.

Data Analyst Intern | Bluestock Fintech ([Offer Letter](#))

Apr 2026 – Present

- Analysed financial datasets to produce structured dashboards and reports; automated reporting via Python (Pandas, NumPy), significantly cutting manual processing time.
- Generated actionable business insights via SQL and statistical analysis, supporting product and strategy teams in data-driven decisions.

Founder's Office | [Aureture AI](#)

Feb 2026 – Apr 2026

- Collaborated with founders on AI product strategy, market research, and user discovery; supported roadmap decisions, onboarding optimisation, and cross-functional execution.
- Conducted competitive research and contributed to feature prioritisation in a zero-to-one startup environment with high ownership and ambiguity.

PRODUCT & PROJECTS

EdPilot — AI Career Guidance Platform | Smart India Hackathon

Dec 2025

- Defined product scope: personalised career recommendations, college-match engine, and exam notification system; led cross-functional team across design, backend, and ML.
- Prioritised features using impact-vs-effort framework; shipped live product — [edpilot.live](#)

[PrepSync AI](#): ([Live Link](#)- [PrepSync.ai](#))

Led a 20-member team to build a 0→1 placement intelligence platform with an AI-powered Job Readiness Score (CV–JD matching), Alumni stories, Company wise prepration

LEADERSHIP & POSITIONS OF RESPONSIBILITY

Senior Executive | Entrepreneurship & Development Cell (ECell)

Jun 2024 – Present

- Orchestrated Convocation Talk 2024 (800+ attendees) and Freshers' Talk 2025 (44% attendance); managed speaker pipeline, logistics, and stakeholder communications.
